<u>To whom it may concern</u>

This letter is to certify that Mr. Sudip Ghimire worked as a full-time Blockchain Developer at iBriz.ai from December 2021 to April 2022 and as part-timer from April 2022 to July 2022.

At iBriz.ai, he was responsible for initiating, building and maintaining blockchain-related products. His tech stack included but not limited to: Rust programming language, Substrate framework, WASM toolkit and git.

We found him very competent and active with sincerity and determination. He always worked for the best of the organization and he has been a valuable member for the organization.

You should need any additional information, please feel free to contact me during business hours

Warm Regards

Abhinayak Swar
Country Director
